

# Workshop: Observational campaigns for better weather forecasts

## Monday, 10 June 2019

**From models to observations and back - Chair: Linus Magnusson (13:00 - 15:30)**

time	[id] title	presenter
13:00	[54] Opening and welcome	PAPPENBERGER, Florian
13:15	[55] How ECMWF supports field campaigns	PIDDUCK, Emma
13:30	[56] From Models to Data	STEVENS, Bjorn
14:00	[7] Airborne active remote-sensing observations of the extratropical troposphere and lower stratosphere with a special focus on the NAWDEX field experiment	SCHÄFLER, Andreas
14:30	[21] Experiences from Arctic field campaigns: Weather forecasting and evaluations, and model comparisons	TJERNSTRÖM, Michael
15:00	[13] Synergetic use of field campaign observations and detailed simulations to improve NWP models at Météo-France	DUCROCQ, Véronique
