

Workshop: Observational campaigns for better weather forecasts

Tuesday, 11 June 2019

Clouds - Chair: Irina Sandu (11:00 - 13:00)

time	[id] title	presenter
11:00	[52] Learning about clouds and circulation during EUREC4A	BONY, Sandrine
11:30	[51] Cloudy boundary layers over the Northeast Pacific and Southern Ocean: Field observations and ERA5	BRETHERTON, Chris
12:00	[11] Field Experiments for NWP: The LITFASS Experience	BEYRICH, Frank
12:20	[2] FESSTVaL: Field Experiment on sub-mesoscale spatio-temporal variability in Lindenberg	KLOCKE, Daniel
12:40	[24] RALI: the French radar-lidar airborne platform for cloud dynamics and microphysics studies	DELANOË, Julien
