

Workshop: Stratospheric predictability and impact on the troposphere

Tuesday, 19 November 2019

Session 3 : Polar vortex : predictability and downward influence (09:30 - 12:00)

-Conveners: Inna Polichtchouk

time	[id] title	presenter
09:30	[6] The dynamics and predictability of sudden stratospheric warmings and their surface impacts	DOMEISEN, Daniela
10:00	[76] Causes and fixes for stratospheric temperature biases in IFS and their impact on predictability	POLICHTCHOUK, Inna
10:30	Coffee break	
11:00	[13] Sudden stratospheric warmings in reanalyses and their tropospheric fingerprint	AYARZAGÜENA, Blanca
11:30	[11] The impact of Arctic sea-ice anomalies on the stratospheric polar vortex	SEVIOUR, William
