

Workshop: Stratospheric predictability and impact on the troposphere

Wednesday, 20 November 2019

Session 6 : Diagnostics (12:00 - 15:00)

-Conveners: Irina Sandu

time	[id] title	presenter
12:00	[5] How does the Troposphere Amplify Stratospheric Variability?	BALDWIN, Mark
12:30	[25] Using causal discovery algorithms to evaluate troposphere-stratosphere linkages in reanalyses and modelling experiments	KRETSCHMER, Marlene
13:00	Lunch break	
14:00	[50] Remote presentation: Propagating annular modes	SHESHADRI, Aditi
14:30	[68] Investigation of ECMWF IFS Arctic winter 2015/16 lowermost stratosphere moist bias using airborne limb-imaging infrared observations	WOIWODE, Wolfgang
