

# Virtual Workshop: Warm Conveyor Belts – a challenge to forecasting

## Tuesday, 10 March 2020

### Session 3 (13:55 - 15:15)

-Conveners: Linus Magnusson

time	[id] title	presenter
13:55	[34] The role of cloud diabatic processes in the life cycle of Atlantic-European weather regimes	GRAMS, Christian M.
14:20	[27] Examining model error in potential temperature and potential vorticity via weather forecasts at different lead times	MARTINEZ-ALVARADO, Oscar
14:45	[32] The Impact of Warm Conveyor Belt Forecast Uncertainty on Variability in the Downstream Waveguide	BERMAN, Jeremy
