

Virtual Workshop: Warm Conveyor Belts – a challenge to forecasting

Tuesday, 10 March 2020

Session 4 (15:30 - 17:15)

-Conveners: David Lavers

time	[id] title	presenter
15:30	[5] Linking atmospheric rivers and warm conveyor belt airflows	Dr DACRE, Helen
15:55	[22] Influence of Warm Conveyor Belts on the Predictability of Downstream High-Impact Weather	Dr DOYLE, James
16:25	[35] West Coast Forecast Challenges and Development of Atmospheric River Reconnaissance	RALPH, Marty
16:50	[28] Adjoint Sensitivity and the Impact of Atmospheric River Reconnaissance Observations for North Pacific Forecasts	Dr REYNOLDS, Carolyn
