

Virtual Workshop: Warm Conveyor Belts – a challenge to forecasting

Wednesday, 11 March 2020

Session 5 (09:00 - 10:30)

-Conveners: Stephen English

time	[id] title	presenter
09:00	[42] How well do current observations observe key features of warm conveyor belts?	ENGLISH, Stephen
09:30	[50] Assimilation of water vapour, cloud and precipitation observations in extratropical cyclones	GEER, Alan
10:00	[41] The prospects for radars on satellites to provide better observations of warm conveyor belts	ILLINGWORTH, Anthony
