

Virtual Event: Annual Seminar 2020

Monday, 14 September 2020

Moderator: Christian Kühnlein (ECMWF) (12:30 - 14:00)

time	[id] title	presenter
12:30	[26] Dynamics developments within the ALADIN NWP consortium	TERMONIA, Piet
13:15	[25] Towards a more stable formulation for the Non-hydrostatic "constant-coefficient semi-implicit" dynamical core of AROME system	VOITUS, Fabrice

Wednesday, 16 September 2020

Moderator: Christian Kühnlein (ECMWF) (09:45 - 10:30)

time	[id] title	presenter
09:45	[7] Temperature discretizations for the IFS, horizontal to vertical resolution aspect ratio and their importance for accurate global weather predictions	POLICHTCHOUK, Inna

Moderator: Christian Kühnlein (ECMWF) (12:00 - 12:45)

time	[id] title	presenter
12:00	[4] The ICON model: actual state and first steps towards a new dynamical core based on the Discontinuous Galerkin method	BALDAUF, Michael
