

19th Workshop on high performance computing in meteorology

Wednesday, 22 September 2021

Session 6 (14:50 - 18:15)

-Conveners: Willem Deconinck

time	[id] title	presenter
14:50	[35] Keynote: Towards Earth System Modeling Systems at Storm Resolving Resolutions	LOFT, Richard
15:50	Break	
16:20	[26] Hybrid multi-grid parallelization of WAVEWATCH III model on spherical multiple-cell grids	Dr LI, Jian-Guo
16:40	[40] Exploring the Programming Models for the LUMI Supercomputer	Dr MARKOMANOLIS, George
17:00	[45] Intel® HPC update for Earth System Modelling	WISNIEWSKI, Robert
17:20	[65] Virtual dinner speech	WEGER, Isabella
17:35	Activities in Gather.Town
