

19th Workshop on high performance computing in meteorology

Thursday, 23 September 2021

Session 7 (08:20 - 12:00)

-Conveners: Andreas Mueller

time	[id] title	presenter
08:20	[30] Keynote: Fugaku: the First "Applications First" Exascale Supercomputer and Beyond	MATSUOKA, Satoshi
09:20	Break	
09:50	[17] Elastic Large Scale Ensemble Data Assimilation with Particle Filters for Continental Weather Simulation	FRIEDEMANN, Sebastian
10:10	[41] Exascale-ready adaptive mesh refinement and applications in Earth system modelling	Dr HOLKE, Johannes
10:30	[42] Towards fault tolerance in high-performance computing for numerical weather and climate prediction	Dr BENACCHIO, Tommaso
10:50	Activities in Gather.Town
