

# Virtual Event: ECMWF-ESA Workshop on Machine Learning for Earth System Observation and Prediction

## Monday, 5 October 2020

### Session 1: ML for the Earth System - Setting the scene (11:30 - 13:00)

-Conveners: Massimo Bonavita

time	[id] title	presenter
11:30	[61] Accelerating and Explaining Earth System Process Models with Machine Learning	GAGNE, David
12:15	[81] Learning from earth system observations: machine learning or data assimilation?	GEER, Alan
