

# Joint ECMWF/OceanPredict workshop on Advances in Ocean Data Assimilation

## Tuesday, 18 May 2021

### Theme 4 (cont.): Machine learning in data assimilation (09:00 - 09:40)

-Conveners: Arthur Vidard; Marcin Chrust

time	[id] title	presenter
09:00	[66] A Simplified Smoother applied to the FOAM/Glosea Ocean Reanalysis	HAINES, Keith
09:20	[36] High-resolution Ensemble Kalman Filter with a low-resolution model using a machine learning super-resolution approach	Dr BARTHÉLÉMY, Sébastien
